At Piazza della Vittoria at Bassano. turn into Via Verbanò heading for Tronzano and walk as far as the turn into Via alla Madonna on the left; continue straight ahead as far as the square in front of the church. Take the dirt road on the left passing the last house. Follow a well-kept mule track which steadily climbs up through the wood of broad – leaved trees gaining in height and reach a detour which bypasses a landslip of the path. The way continues at half slope and reaches the path delle Vigne (131A) on the right which returns to Tronzano. Continue

straight on along the path ever -increasing in elevation and reach the footbridge across the impressive chute supplying the penstock of the hydroelectric power station of Lago Delio. Now the path becomes less steep and reaches a viewpoint over the lake and the mountains of the Piedmont shore. Then continue along the level mule track which in a few minutes takes you to Musignano where it joins path 3V Biegno-Maccagno (110).
